

# The National Project of Ministry of Education of Slovak Republic delivered by KVANT

## *Goal of the project:*

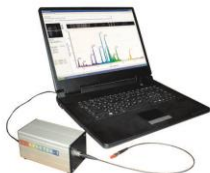

*To help the students of primary schools to gain the practical skills and **build a positive approach towards polytechnic education.***

## *Schools involved:*

*49 pilot schools with the 2-year plan to cover further 500 schools overall.*

- *Laboratories of Technical education*
- *Laboratories of Physics*
- *Laboratories of Biology and Chemistry*

***Laboratories of Technical Education***  
*(interior equipment including tools, devices,  
instruments and supplies)*

***Laboratories of Physics***  
*(interior equipment including sets of teaching aids,  
devices and supplies)*

[illegible]

**ATOM MIMETIKA**

**QUESTION** 1. Which of the following is not a transition metal?  
A. Fe B. Cu C. Ni D. Zn

**ANSWER** D. Zn is not a transition metal. It is a d-block element, but its d-orbitals are completely filled (d<sup>10</sup>), and it does not have the characteristic properties of transition metals.

**PHYON, BLENKATRA**

**QUESTION** 2. Which of the following is not a transition metal?  
A. Fe B. Cu C. Ni D. Zn

**ANSWER** D. Zn is not a transition metal. It is a d-block element, but its d-orbitals are completely filled (d<sup>10</sup>), and it does not have the characteristic properties of transition metals.

**LATRY**

**QUESTION** 3. Which of the following is not a transition metal?  
A. Fe B. Cu C. Ni D. Zn

**ANSWER** D. Zn is not a transition metal. It is a d-block element, but its d-orbitals are completely filled (d<sup>10</sup>), and it does not have the characteristic properties of transition metals.

**STAVBA ATOMU**

1. Prvky se rozdělují na **metaly** a **ne-metaly**.  
2. Prvky se rozdělují na **alkalické** a **alkalické zemi**.  
3. Prvky se rozdělují na **alkalické** a **alkalické zemi**.

**ALKALICKÉ**

1. Prvky se rozdělují na **alkalické** a **alkalické zemi**.

**ALKALICKÉ ZEMI**

1. Prvky se rozdělují na **alkalické** a **alkalické zemi**.

**ALKALICKÉ**

1. Prvky se rozdělují na **alkalické** a **alkalické zemi**.

**ALKALICKÉ ZEMI**

1. Prvky se rozdělují na **alkalické** a **alkalické zemi**.

*Laboratories of Biology and Chemistry  
(interior equipment including tools, devices,  
Instruments, supplies and chemicals)*

### *Project in numbers:*

<i># of didactic aims delivered:</i>	<i>22.220 pcs</i>
<i># of kilometers reached:</i>	<i>81.228 km</i>
<i># of suppliers involved:</i>	<i>108</i>
<i># of people involved:</i>	<i>66</i>

*Kvant delivered full service with the absolute command over the project including logistics, assembling, testing, workshops and service.*
